Re: KDAF, Dallas

Dear Mr. Pechacek:

This will acknowledge receipt of your letter of August 27, 2012 to KDAF's general manager, notifying the station of Galva Cable Company's intent to provide cable television service in Cumby, Texas, in the Dallas-Fort Worth DMA (the reference in the letter to the Kansas City DMA was a typographical error). We understand that you intend to commence service on or after February 1, 2013.

Pursuant to section 76.64(k) of the FCC Rules, Tribune Television Company, licensee of KDAF, Dallas, hereby elects to invoke its right to grant retransmission consent with respect to its broadcast signal under section 325(b) of the Communications Act of 1934, as amended, for the portion of the three-year period ending December 31, 2014 that the Cumby system may be in operation.

Please consider my address above to be the address for official correspondence. Correspondence concerning KDAF should be sent to Joseph A. Young, Vice President/General Manager, at the address in your letter. The station's technical contact is Rick Anderson, at the same address in Dallas.

We look forward to discussing carriage of KDAF's signal and related matters with you in the near future. As I mentioned, you will be hearing from Kristen McNeill. Thank you for your cooperation.

Yours truly,

Charles J. Sennet
